FOUNDER'S OFFICE | STRATEGY & BUSINESS OPERATIONS | STARTUP GENERALIST

Sonipat, Haryana, India • +91 9050977919 • sahiltomar2430@gmail.com • linkedin.com/in/sahil2430

PROFILE

Startup-oriented operator with experience across strategy, product, operations, market research, GTM, and project execution. Co-founder of an AI-powered financial intelligence product, with hands-on exposure to product direction, positioning, beta strategy, hiring, and early operations. Experienced in turning ambiguous problems into structured analysis, execution plans, pilots, and measurable decisions.

EXPERIENCE

Co-Founder | FinStation — Early-Stage Startup Jun 2026 – Aug 2026 | New Delhi

- **Shaped** an AI-powered financial intelligence platform for Indian investors from concept toward live product and controlled beta, spanning strategy, product, research, GTM, hiring, branding, and operations.
- **Conducted** market, competitor, financial-data, API, pricing, and monetization research; translated findings into product priorities, positioning, business-model decisions, and MVP scope.
- **Designed** a staged beta strategy of 25 → 50 → 100 → 500+ users, linking expansion to stability, feedback, retention, feature quality, and infrastructure readiness.

Project Management Associate | Excelerate Jul 2026 – Aug 2026

- **Led** a 12-member team across 9 departments to convert an organizational-adoption problem into a change strategy with root-cause analysis, stakeholder planning, communication matrix, risk register, and implementation roadmap.
- **Designed** a 3-week pilot with KPIs, success thresholds, feedback collection, and Go/No-Go criteria before wider implementation.
- **Consolidated** cross-functional deliverables into a leadership recommendation package and executive presentation, reviewing outputs for consistency and requirements alignment.

Digital Strategy Associate | Excelerate Jul 2026 – Aug 2026

- **Conducted** brand, audience, competitor, customer-journey, positioning, and content-gap research to identify strategic priorities and digital differentiation opportunities.
- **Developed** messaging frameworks for students, universities, and employers, along with platform priorities, content pillars, and publishing direction.
- **Translated** insights into 5 production-ready creative briefs and strategic recommendations focused on trust, differentiation, educational authority, community storytelling, and measurable growth.

Business Analyst Intern | CountryEdu Private Limited Oct 2025 – Dec 2025 | Gurugram

- **Gathered** stakeholder requirements and analyzed business data, operational workflows, and process inefficiencies to support business process optimization.
- **Documented** process flows and functional requirements, translating business objectives into practical solution requirements for stakeholders.

PROJECTS

Vyra — Human Health Operating System (H^2OS) | Founder / Product Lead Mar 2026 – Apr 2026

- **Conceived** an AI-powered health operating-system concept, researched the problem space, defined product workflows and feature priorities, and created an MVP with limited features to validate the initial direction.

LedgerLens | Project Lead / Core Developer July 2026

- **Built** an AI document-intelligence platform for automated invoice and receipt processing using Python, FastAPI, REST APIs, SQLite, Pydantic, Streamlit, and GPT-4o Vision, including confidence-based human review.

CAPABILITIES & TOOLS

Capabilities: Strategic Problem Solving • Business Analysis • Market & Competitive Intelligence • Root-Cause Analysis • Business Models • Positioning • Decision Support
Founder's Office: Cross-functional Execution • Project Planning • Process Improvement • Stakeholder Management • Risk & Change Management • Pilot Design • Team Coordination
Product & Growth: Product Discovery • Requirements • MVP Thinking • User Research • Prioritization • GTM • Messaging • Customer Feedback
Technology: AI Product Development • Automation • RAG • Python • SQL • FastAPI • REST APIs • LLM APIs • Technical Feasibility
Tools: Excel • Google Sheets • PowerPoint • Google Slides • Notion • Google Workspace • Jira • Roadmaps • WBS • Process Mapping • Pandas • PostgreSQL • SQLite • Streamlit • Git/GitHub • n8n • OpenAI/Gemini APIs

EDUCATION & CREDENTIALS

DCRUST — B.Tech, Computer Science & Engineering, 2022 – 2026 | **iHUB DivyaSampark, IIT Roorkee** — Program on New Age Tools & Technology — AI Engineering, 2025 – 2026

Credentials: IBM Generative AI Engineering Specialization • Google Data Analytics Professional Certificate • McKinsey Forward Program • Product Discovery Certification (Pendo) • Quantium Data Analytics Job Simulation
